RE: **Addressing Preschool Behavior
April 13, 2007
Cave City Convention Center
Cave City, KY
8:30 AM – 4:00 PM**

Targeted Audience: This workshop is appropriate for all 3 & 4 year old assistants, teachers, preschool coordinators, principals, child care workers, OTs, PTs, and parents.

The Simpson Co. RTC is pleased to present our second mini institute on April 13, 2007 in Cave City. We will have the following sessions to choose from:

1. **“Strategies for Children Who are Delayed or Have Disabilities”** with Vicki Smith
Learning is an interpersonal skill, but often children with developmental delays or disabilities have difficulty negotiating the social environment that impacts access to learning. This session explores one teacher’s actual, “field-tested” strategies, which support learning and social competence of all students.
2. **“Sensational Behavior”** with Karole Doran
Participants will be familiarized with underlying physical, sensory, & emotional factors to be considered when evaluating and determining the most effective management strategies for common behaviors of young children.
3. **“How to Put Out Fires Without Getting Burned”**
Stop reacting to bad behavior and start being proactive.
4. **“Challenging Behaviors in Young Children”** with Linda Comley
An insightful DVD presentation that gives educators and parents the ability to observe firsthand the techniques used by teachers, in a state of the art preschool and research facility, effectively managing children with challenging behaviors. Participants will learn how to defuse crisis situations, and gain the strategies to teach children to problem solve on their own.

All sessions will be three hours each and repeated once that day. **Please denote the two sessions you’d like to attend on your registration form.**

Lunch will be provided free of charge to all participants.

Registration is free.

Please complete the registration form below and send it no later than March 30, 2007 to:
